**Imag Systems Description**  
 Exercise on Pixel based region and Rectangle based region for either dark or bright objects.

Figure 5

**Pixel Based Region Model**

**Filter Type**

**Filter For Band 1:**

- > Expand
- > IQ Normalize
- > Low Pass
- > Median
- > None

**Object Of Interest**

**Object of interest name:**

**Item Name:**

**Guard distance around object:**

**Pixels:** 2 By Pixels: 3

**Object Characteristics**

**Type of object desired:**

- > Bright Object
- > Dark Object

**Percent intensity of object:** 614

30 40 50 60 70 80 90 100

**Minimum percent density required for object:** 40

1 12 23 34 45 56 67 78 89 100

**Search region size:** 618

**Pixels:** 3 By Pixels: 3
